

Family doctor Heino Folmer starts his own clinic!

ALBUFEIRA – *“After having worked with pleasure at IHC for seven years, it is now time to start my own practice. Together with my wife Brigitta, a very experienced medical secretary, I will start ORANGE MEDICAL CENTRE at the Avenida da Liberdade in Albufeira.*

We hope to open our doors by the end of January 2012. Of course you can expect the same services from me as before. The practice will be located on ground floor level, underneath the Dutch dental practice of Dr. Wouter Vriesman.

It will be a spacious, well accessible (wheelchair friendly), general practice. There will be two consultationrooms, so I will be able to work together with a colleague in the future.”
